* Name of interviewee

Role within immunization services

- ☐ Head of clinic
- ☐ Vaccinator
- ☐ Data capture
- ☐ Other

* others specify

enter only when others is selected

System in use

Is TImR available at the facility?

☐ Yes

☐ No

Instructions & child

1

» Entries per child

If present during the vaccination sessions, select three children vaccinated. If not, and if using TImR, then find the last three (3) entries for new registrations in TImR. Match these entries to the equivalent entries in the Child Register (Book 7). Select (yes) if entries match, (no) if entries do not match. The district immunization officer can assist the data collector in conducting this assessment.

Child's name in Child Health/RCH1 card

☐ Yes

☐ No
